Dean, College of Arts and Sciences

Subject: Request for Late Enrollment for 2nd Semester A.Y. 2025 – 2026

Dear Dr. Camposano:

Greetings!

I, Claire Dane D. Vincoy, a B.S. in Computer Science student of the UPV College of Arts and Sciences, would like to respectfully request for late enrollment for 2nd Semester A.Y. 2025 – 2026 due to the circumstances explained below.

On January 14, 2026, my subjects were successfully validated. On January 15, 2026, I received my Statement of Account. However, my STS bracket discount (PD60) was not reflected. The next day, I contacted the Office of the College Secretary for guidance and was advised to reach out to the Scholarship and Financial Assistance Unit of the Office of Student Affairs, which I did right away. The STS bracket discount was reflected in the CRS on the same day, which was January 16, 2026.

I then requested a reassessment from the Office of the College Secretary but did not receive the updated Statement of Account until January 20, 2026. Upon receiving the reassessed amount, I made the payment on the same day through Maya online payment. I sincerely apologize for not processing the payment in person, as I understand that online payment verification takes one to three working days, which contributed to the delay in my enrollment.

I opted for online payment because my family carefully allocates our budget for tuition, travel expenses back to campus, living expenses good for one week, and dorm fees for the first and last month of the semester. Using online payment allowed my family to monitor my expenses and determine whether the budget would be sufficient before I returned to campus. Moreover, it is safer and convenient to pay online as I travel alone for almost 14 hours.

Upon arriving on campus on January 22, 2026, I followed up on my official receipt since I had not received any email acknowledgment since the 20th. I was informed that due to the high volume of transactions, the issuance of official receipts would take some time. I officially obtained the receipt on January 26, 2026. I submitted it to the Office of the College Secretary, where I was informed that I could no longer proceed with enrollment and was required to submit a letter.

While I was aware that letters are usually required for late registrations, I initially believed this applied only to students without validated subjects. Had I known that a letter was required in my case, I would have submitted a letter immediately. I sincerely apologize for this oversight.

In light of these circumstances, I humbly ask for your kind consideration in allowing my late enrollment. This situation was unintentional and I assure you that I will be more mindful of enrollment procedures in the future.

Thank you very much for your time and understanding.

Respectfully yours,

Vincoy, Claire Dane D.
